Since its founding in 1898 over one hundred years ago, the National Federation of Music Clubs has grown into one of the world's largest philanthropic, non-profit music organizations in the world. Its membership of almost 200,000 consists of Junior, Student and Adult clubs and individual members. NFMC is one of only two music organizations to be chartered by the United States Congress and is the only music organization member of the United Nations.

One of the primary missions of NFMC is to promote American music and musicians. Dedicated to finding and encouraging young musical talent, the Federation conducts annual Junior Festivals with more than 117,000 participants.

Other areas of Federation promotion are: National Music Week held the first week of May; Crusade for Strings; Support for legislation on bills affecting the welfare of musicians, music education and development of American musical life; Campaigns for higher standards in church, radio and television music; Provision of musical activities in hospitals and institutions of confinement; Sacred Music and Hymn of the Month program which includes hymns of all faiths; Sponsorship of opera; Encouragement of dance; Support of folk music of all nationalities; Recognition of the musical aspects in poetry; Importance of Chamber Music; Stressing the significance of International Music Relations and co-operation with other national music organizations; promoting the importance of music education for present and future generations.

Nebraska Federation of Music Clubs has been sponsoring Junior Festivals for over fifty years. The State Honors Recital was created by our state board in the 1980's and has become a Nebraska tradition.

We welcome you here today and we thank you for supporting these fine students, their families and their teachers.
